

Flush-Free Niacin - 250 mg - 90 Vcaps®

- Item#: 0483
- Manufacturer SKU: 733739004833

Niacin (Vitamin B-3) is an essential B-vitamin necessary for good health. Many Niacin supplements cause a temporary Niacin flush or tingling red rash on the skin when taken in large doses. This flush-free Niacin is formulated to avoid such reactions.

Inositol Hexanicotinate is a stable, non-flushing source of Niacin. This superior source, and lower potency, of Niacin works to reduce the problems associated with mega doses of Niacin supplements.
